October 25, 2018

Dear Prof. Stroynowski,

I am writing to apply for the postdoctoral fellow position at the Department of Physics at SMU.

I received my Ph.D. degree from the University of Oklahoma in May 2018 and currently look for a postdoctoral research position in the field of high energy physics experiment. In the past three years, I was relocated at CERN working on my dissertation research. I am familiar with C++ and Python programming, experimental data analysis using ROOT, and the ATLAS environment. I am confident that my background makes me fit this challenging position and I would be a valuable addition to your team. Thank you for your consideration. I look forward to hearing from you.

Yours sincerely,

**Yu-Ting Shen**
