Dear Hiring Manager,

I am applying for the position of Senior Analyst, Process Analytics in Home Depot. I have more than 7 years experience in data science and 4 years experience in supply chain management and optimization. I am proficient in analyzing large-scale data using Python and SQL, build interactive dashboard to visualize results, and build predictive models using machine learning and deep learning. I am an expert in time series analysis and forecasting, statistical analysis and modeling, and visualization.

I would welcome the chance to speak with you about the responsibilities of the Senior Analyst, Process Analytics position. My resume containing detailed work experience and education is attached. I am confident that my background makes me a unique candidate to fit this challenging position and I would be a valuable addition to your team. I look forward to hearing from you. Thank you for your consideration.

Yours faithfully,

Yu-Ting Shen
